

## Spread the Word on Social Media

Although families might be struggling with home internet connectivity to access remote learning, many parents and students are still connected to your district from their phones thanks to social media. Take advantage of social media as an opportunity to share how Ohio's RemotEDx Connectivity Champions are available to help families get connected to home internet. Below you'll find sample messages to get you started. Copy and paste the sample messages below into your Facebook, Twitter, or Instagram page or create your own. Personalize these messages with some tips:

1. Add a picture to draw attention to your post.
2. Insert a link to the Ohio Connectivity Champions website at: <https://www.ohio-k12.help/remotedx/connectivity-champions/>
3. Tag your school or student/parent groups using hashtags to elevate awareness.
4. Link to informative flyers posted on your district or the Connectivity Champion's website.

**Below are sample messages that you can personalize for your district.**

Parents of **[insert school/district here]**. Is your student struggling with home internet connectivity for remote learning? Ohio's RemotEDx Connectivity Champions can help! Go here for more information <https://www.ohio-k12.help/remotedx/connectivity-champions/>

Having trouble finding an internet service provider in your area? Setting up your hotspot? Troubleshooting an internet connection? Your Connectivity Champion can help! You can find them at <https://www.ohio-k12.help/remotedx/connectivity-champions/>

Connectivity Champions collaborate closely with @oheducation and Ohio's ITCs to help support students and their parents while learning remotely. This support is provided at no cost to Ohio's K-12 families thanks to funding from the RemotEDx initiative. Learn more at <https://www.ohio-k12.help/remotedx/connectivity-champions/>
