How To File the E-Rate Form 500

(Funding Commitment Adjustment Request Form)

Lorrie Germann, State E-Rate Coordinator

FCC Form 500 Overview

- The FCC Form 500 (Funding Commitment Adjustment Request Form) is used to submit changes to funding requests after USAC has issued commitments for those requests.
- You must also file an [FCC Form 486](#) (Receipt of Service Confirmation and Children's Internet Protection Act Certification Form) to notify USAC that services have started, and invoices can be processed.

Purpose of the FCC Form 500

Applicants file an FCC Form 500 to accomplish one or more of the following:

- To adjust the funding year service start date reported on a previously filed [FCC Form 486](#);
- To adjust the contract expiration date listed on the [FCC Form 471](#);
- To cancel a Funding Request Number (FRN);
- To reduce the amount of an FRN;
- To request a service delivery extension for non-recurring services; **(when the delay is out of the service provider's control such as supply chain issues)**

or

- To notify USAC of an equipment transfer resulting from the closure of the location where the equipment was originally installed. **(If the transfer took place before 7/1/2021. After that date you are not required to notify USAC.)**

Deadline for Filing Form 500

The FCC Form 500 should be filed as soon as the applicant is aware of new circumstances that require adjustment to one or more FRNs after the FCDL has been issued.

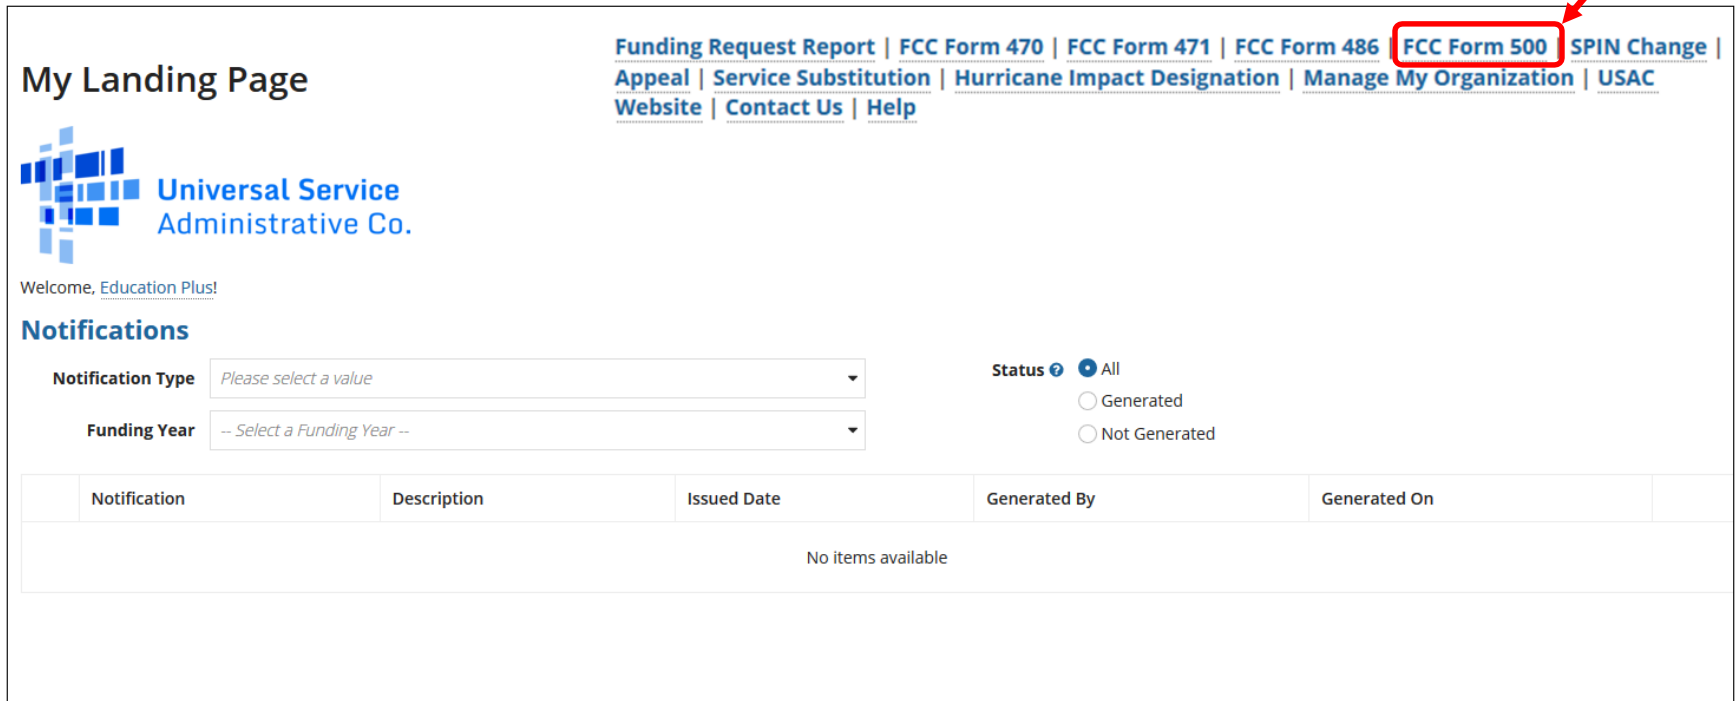

Deadline: Changes that result from filing an FCC Form 500 will affect other parts of the application process, so the FCC Form 500 must be filed before those changes can occur.

For example:

- An applicant wants to cancel or reduce an FRN to return funding to its Category Two budget to be eligible to receive a C2commitment for an FRN in another funding year. The first FRN must be canceled or reduced before USAC can consider funding the second FRN.
- An applicant is requesting an extension of the deadline for delivery and installation of non-recurring services because of a situation out of the control of the Service Provider. You must submit this request to USAC on or before September 30 following the close of the funding year.
