

## Thank you for your interest in T-Mobile's Project 10Million!

We are excited to partner with school districts across the country to support digital equity for students. As districts continue to provide learning options for students, we understand that the need for ubiquitous connectivity is more important than ever. We thank you for considering a partnership with T-Mobile to serve your students. As you fill out this application, please be concise in your responses. We look forward to future conversations!

Name of School District

NCES State ID

Federal Tax ID #

### Primary Contact Information

First Name:	Last Name:	Department/Job Title:
Email:	Phone #:	Website:
City:	State:	ZIP Code:

### District Information

Superintendent::	Email:	Phone Number:
Director of Technology:	Email:	Phone Number:
Director of Teaching & Learning (or similar):	Email:	Phone Number:
Student Population K-12:	Student Household K-12 Population:	What is your National School Lunch Program (or Free & Reduced Lunch Rate) Percentage?

**Statement of Interest:** Describe why your school or district should be a part of our Project 10Million. Focus on how your students will benefit directly or indirectly. (Limit responses to 3 sentences per question.)

### At-Home Connectivity

What grade levels are you targeting for your Project 10Million at-home connectivity program?

How many households do you estimate are currently in need of connectivity assistance?

What type of district-provided devices (i.e. hotspot, tablet, laptop, etc.) are currently being utilized to connect students at home?

**Goals of Student Connectivity Aligned to Your Strategic Plan:** Please provide 3 sentences illustrating how your Strategic Plan aligns with each category related to student connectivity.

---

Student Academic Achievement:

---

Technology and Innovation:

---

Parent Engagement:

---

Professional Development for Educators:

### Technology Staff and Their Role(s)

Describe how the district will support the deployment of student connectivity devices (i.e. hotspot, tablet, laptop, etc.).

---

Describe how the district will manage the devices that are deployed to each student household.

### Digital Learning Resources

Describe your use of virtual resources to facilitate student learning (hybrid, face-to-face, fully virtual, at-home learning and/or homework).

---
